The Fund for the Public Interest is a national non-profit organization that works to build support for progressive organizations across the country. We've run campaigns for USPIRG, Environment America, the Human Rights Campaign, the Sierra Club, and Fair Share Alliance.

This summer, we are running an office in Concord, NH for Environment New Hampshire to close loopholes in the Clean Water Act. Loopholes in the law leave many of our state's rivers and streams unprotected from pollution; currently, more than 6,000 miles of New Hampshire's streams are listed as vulnerable, meaning that they do not currently have basic protections under the Clean Water Act. The US Senate will decide the fate of these waterways this summer, and we need to make sure Senators Jeanne Shaheen and Kelly Ayotte are on the right side of the issue.

This is your chance to spend your summer working for a great cause, while gaining valuable campaign leadership experience.
