

We are looking to hire college graduates and alums!

We are an English teacher placement company based in Istanbul, Turkey. Every year we hire English teachers for KG-12 private schools, language schools and universities. We are now looking for applicants enthusiastic about taking up a challenge of teaching English in a new country. English as a Second Language Teachers would work in Turkey and experience the rich culture and tradition, travel around the country and all this while getting paid for teaching English to ESL students.

Salaries and benefits differ from school to school and primarily depends on credentials and experience of the teacher. Just to give you an idea, salaries range from \$1,200 USD for a recent graduate to \$2,000 USD for very experienced teachers with extensive experience in teaching English to ESL learners.

To obtain work permit in Turkey, we require our teachers to have a minimum of bachelor's degree in any field and a teaching certificate such as Tesol/Tefl/Celta/Delta/Trinity. The teaching certificate requirement is waived for teachers having a degree in English education, English linguistics, English literature, English composition, etc.

As an English teacher placement company we provide all assistance required for teachers to get the job and their transition into a new country. We also assist and guide in finding a suitable home and assimilate in new culture.

The contract is signed between the teacher and the school. We do not take any fees from the applicant, we are remunerated by the school for our services. Moreover, we review the school's contract for legal protection and right's of the applicant. Our team stays in regular contact with the teachers even after their job placement.

We only work with schools that provide legal paperwork such as work permits, health insurance and other legal paper work needed for them to perform their work legally in a new country. Almost all schools offer teachers their religious holidays in addition to local holidays. Most schools award summer pay for the month of July and August upon fulfillment of the contract.

Please refer to our website with any questions that you or potential teachers might have.
