**Major / Majors Preferred:** No preference, but LPN, LVN, or RNs only

**Contact Information:** [flusupport@occuvax.com](mailto:flusupport@occuvax.com)

## **RN and LPN's needed for Onsite Flu Vaccination Clinics:**

OccuVAX flu season begins at the end of August 2017 and is anticipated to go through mid-December.

OccuVAX provides onsite flu vaccination clinics at employer locations in ALL 50 states. OccuVAX does not provide vaccinations at retail locations - our clinic sites have assigned appointment times.

Nurses are provided with their own scheduling portal on the OccuVAX website. YOU access a listing of available clinics, YOU select those clinics you are available for staffing. If assigned, you are notified by email and can either accept the assignment or decline at that time. You work as much or as little as you wish - no minimum requirements.

The Nurse website is fully mobile - meaning you can access your information from your Smart Phone, tablet or PC. Payroll is weekly and payment is via direct deposit - no long delays in receiving your paycheck!

Nurses must arrive 30 minutes prior to the clinic start time to set up for the vaccinations (compensated time), provide vaccinations to those who have appointments (or walk-ins if scheduled as such), collect paperwork, then clean up and provide the returning supplies to the onsite contact. Our clinics are simple as that!

Hourly Wage is: \$29.00 ALWAYS with a minimum of 2 hours pay. Mileage is paid AFTER first 40 miles at \$0.54 per mile.

Please visit the OccuVAX website directly for further information and to begin the process of joining the OccuVAX team: [www.occuvax.com](http://www.occuvax.com) and click on "Nursing Opportunities" at the bottom of the page.

**\*\*You will only be directly contacted if additional information is required from you in order to complete our Nurse License Verifications - otherwise you will begin to receive our Monthly Newsletters and announcements AND ARE ELIGIBLE TO SELECT CLINICS TO WORK\*\***

Selections for clinic assignments can begin today.

We look forward to working with you this season! Feel free to share our information with your Nurse colleagues and friends.

To get started:

1. Create your nurse profile at this link: <https://www.occuvax.com/nurseLogin.aspx>
2. Sign your subcontractor agreement
3. Take your nurse training
4. Sign your nurse protocols

Once those steps are complete and your license is verified successfully, you will be eligible to select clinics starting today.
