Important Note: An associate degree from a regionally accredited college is required for admission to Degree Completion Pathway. The earned associate degree must be in business or a closely related field. Introductory studies in business law, economics, accounting, and marketing or sales should have been completed in the associate degree program or in other prior college coursework. Also recommended: a mathematics course at the level of statistics and intermediate proficiency in Excel. Students can complete this program with a Fast Track option of two courses per term while still pursuing the degree at their own pace.

This document is provided for student convenience, and is not an official record of Granite State College degree progress.

Important Note: Transfer Credits, Exams, Prior Learning Credit, and grades earned will impact the above.
